ABOUT THE COMPANY

Falcon Zone Company is a professionally managed organization delivering integrated transportation, contracting, and technical solutions across the Kingdom of Saudi Arabia. We support industrial, commercial, and government sectors with reliable, safe, and cost-effective services tailored to diverse project and operational requirements.

With a strong operational fleet, skilled technical workforce, and a firm commitment to quality, safety, and compliance, Falcon Zone Company consistently delivers solutions aligned with international standards and Saudi regulations. Our diversified service portfolio enables clients to rely on a single trusted partner for transportation, construction, IT, HVAC, landscaping, and signage services.

VISION & MISSION

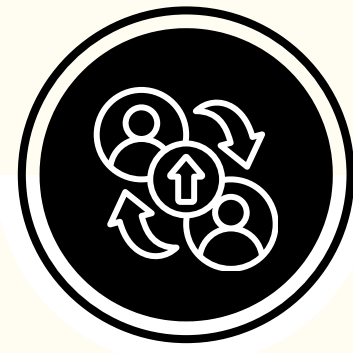

To be a leading multi-service company in Saudi Arabia, recognized for reliability, safety, innovation, and service excellence.

To deliver high-quality, efficient, and cost-effective solutions through professional execution, modern equipment, and a strong customer-focused approach.

CORE VALUES

Safety First

Quality & Compliance

Professionalism

Reliability

TRANSPORTATION SERVICES

Falcon Zone Company provides end-to-end transportation and fleet rental solutions designed for construction projects, industrial operations, corporate mobility, and government contracts.

Key Features

- Dedicated vehicles for long-term and project-based operations
- GPS-enabled fleet monitoring
- Scheduled preventive maintenance
- Professional, licensed, and uniformed drivers
- 24/7 operational support

All vehicles are well maintained, operated by trained drivers, and fully compliant with Saudi safety and transportation regulations.

WATER TANKER SERVICES

Falcon Zone Company supplies potable and non-potable water through a modern fleet of tankers suitable for high-demand project environments.

- **Applications**
 - Construction sites
 - Industrial facilities
 - Commercial projects
 - Road and infrastructure works
- **Service Models**
 - Trip-based supply
 - Monthly rental contracts
 - Emergency water supply support

Our water tanker fleet ensures uninterrupted supply through timely, efficient, and well-managed delivery operations.

FIRE BRIGADE WATER TANKERS

Specialized water tankers allocated for fire safety, emergency response, and standby requirements.

Service Type

- Monthly rental
- Emergency standby contracts

Ideal For

- Industrial plants
- Warehouses
- Mega construction projects
- Oil & gas support zones
- Residential camps

Designed to ensure readiness, compliance, and rapid response for fire safety operations.

PETROL TANKER SERVICES

Safe and compliant fuel transportation services supporting industrial and project fueling needs.

Service Type

- Monthly rental
- Long-term fuel supply contracts

Safety Standards

- Certified fuel transport procedures
- Trained hazardous-material drivers
- Regular inspection and compliance checks

Our petrol tankers meet all safety and regulatory requirements for secure fuel transportation.

BUSES & COASTERS – STAFF TRANSPORT

Reliable workforce transportation solutions for companies, projects, and industrial operations.

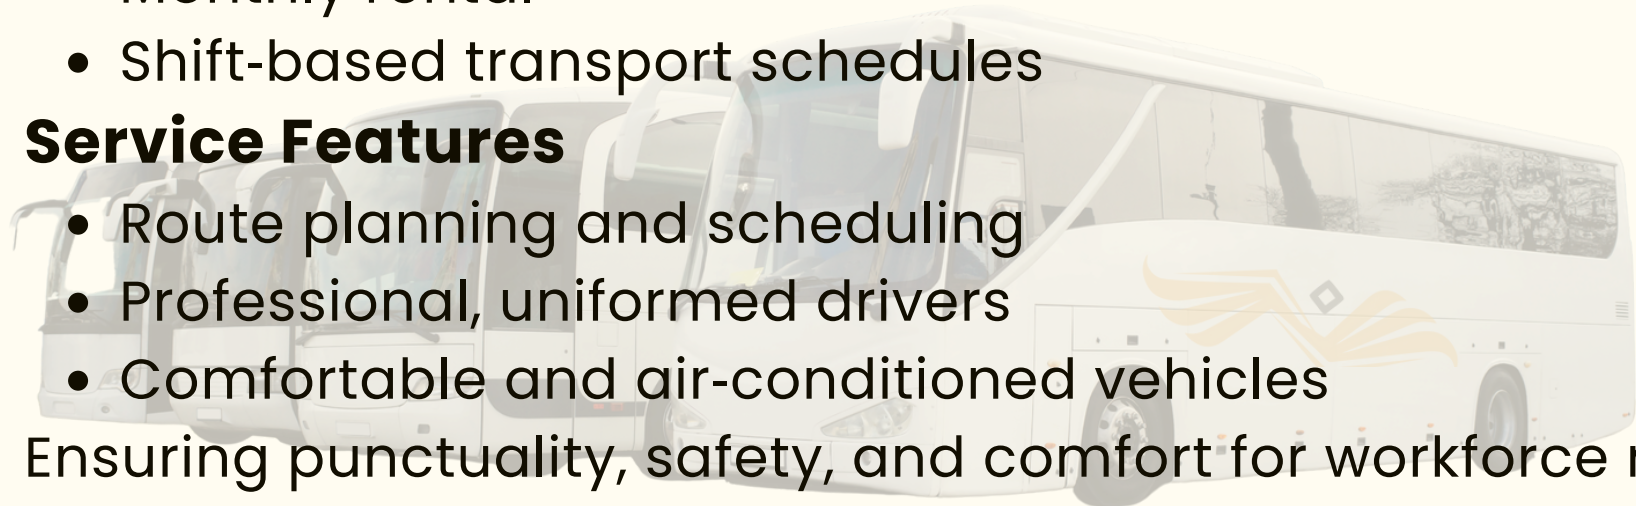

Service Type

- Monthly rental
- Shift-based transport schedules

Service Features

- Route planning and scheduling
- Professional, uniformed drivers
- Comfortable and air-conditioned vehicles

Ensuring punctuality, safety, and comfort for workforce mobility.

CHAUFFEUR SERVICES

Premium executive transportation designed for comfort, discretion, and professionalism.

Service Features

- Professional and discreet chauffeurs
- Airport transfers
- Corporate and executive travel
- VIP guest transportation for events and delegations

Tailored transport solutions for executives and distinguished clients.

INFORMATION TECHNOLOGY SERVICES

Comprehensive IT solutions supporting modern business operations and digital infrastructure.

Scope of Services

- IT infrastructure planning and deployment
- Structured cabling and network setup
- Server installation and configuration
- Network and system support
- CCTV and security systems integration
- Ongoing maintenance and technical support

We deliver reliable, scalable, and secure IT environments tailored to client needs.

CONSTRUCTION, CONTRACTING & DISMANTLING

Professional construction and contracting services delivered with quality workmanship and strict safety compliance.

Services Include

- Civil construction works
- General contracting
